- **NETWORK CONNECTION**

## **APPROVED TOTAL BODY WEIGHING SYSTEM FOR REFUSE TRUCKS**

# APPROVED TOTAL BODY WEIGHING SYSTEM FOR REFUSE TRUCKS

This system can weigh both, the waste from containers so well as hand loaded waste.

The advantage of this system is that during the collecting, the exact load from each customer can be determined and directly printed to a ticket/invoice.

## HOW DOES IT WORK?

Upon arrival the customer or location code can be entered into the computer or the location will be automatically determined based on GPS coordinates. The weighing system automatically does the first weighing. After emptying the container the driver does a second weighing. The difference between first and second weighing is the loaded weight for this customer. The computer stores the weight together with other relevant information.

## DATA TRANSFER

Weighing data can be stored together with other relevant information such as customer and container details. The data can be printed on to a weighing ticket and send into the cloud by an 3G/4G internet connection.

## TECHNICAL DATA

### CONFIGURATION:

- Weighing capacity from 5.000 kg to 14.000 kg with accuracy to 5, 10 or 20kg.
- Ticket printer standard with all versions
- Approved to European Standard class III or IV

### OPTIONAL:

- Links to your network, board computer, GPS/GPRS etc.

## THE SPECIALIST IN MOBILE APPROVED WEIGHING SYSTEMS

Why? Besides our years of experience you can be assured of our service from A to Z. We offer a wide range of innovative systems. From Total Body weighing systems, Crane weighing systems to Bulk weighing systems and will be pleased to think along with you or for you.

## CORPORATE SOCIAL RESPONSIBILITY (CSR)

Of course a satisfied customer will always be our number one priority, but this doesn't mean that we don't care about our surroundings. We do more as just weighing. Welvaarts is continually looking for ways to make a meaningful contribution to society and the environment.

That's why we support various charities and work as green as possible.
